DONOR PHILOSOPHY

Donors are the lifeline of Memory Matters. We rely on donations to support broad brain health education for all and to care for families living with cognitive impairment.

We demonstrate our passion through our actions:

- We make personal commitments before asking others

- We regularly share our effectiveness
- We respect and thank all supporters
- We utilize gifts wisely and as intended
- We cultivate corporate supporters and avoid exclusive relationships

7%

of our expenses go towards administrative costs.

77%

of our funding comes from donations, grants, & events.
